

Research career opportunities in French-speaking Belgium

This document shows the funding opportunities that a researcher might have at each stage of their career in the French Community of Belgium, also known as Wallonia-Brussels Federation (WBF).

It is a collaborative effort of the EURAXESS WBF network, i.e. the EURAXESS Bridge-Head Organisation (BHO) FNRS, the Université de Namur EURAXESS Contact Point, as well as the EURAXESS Service Centre (ESC) of the Université catholique de Louvain, the Université libre de Bruxelles ESC, the Université de Liège ESC and the Université de Mons ESC. It is coordinated by BHO FNRS.

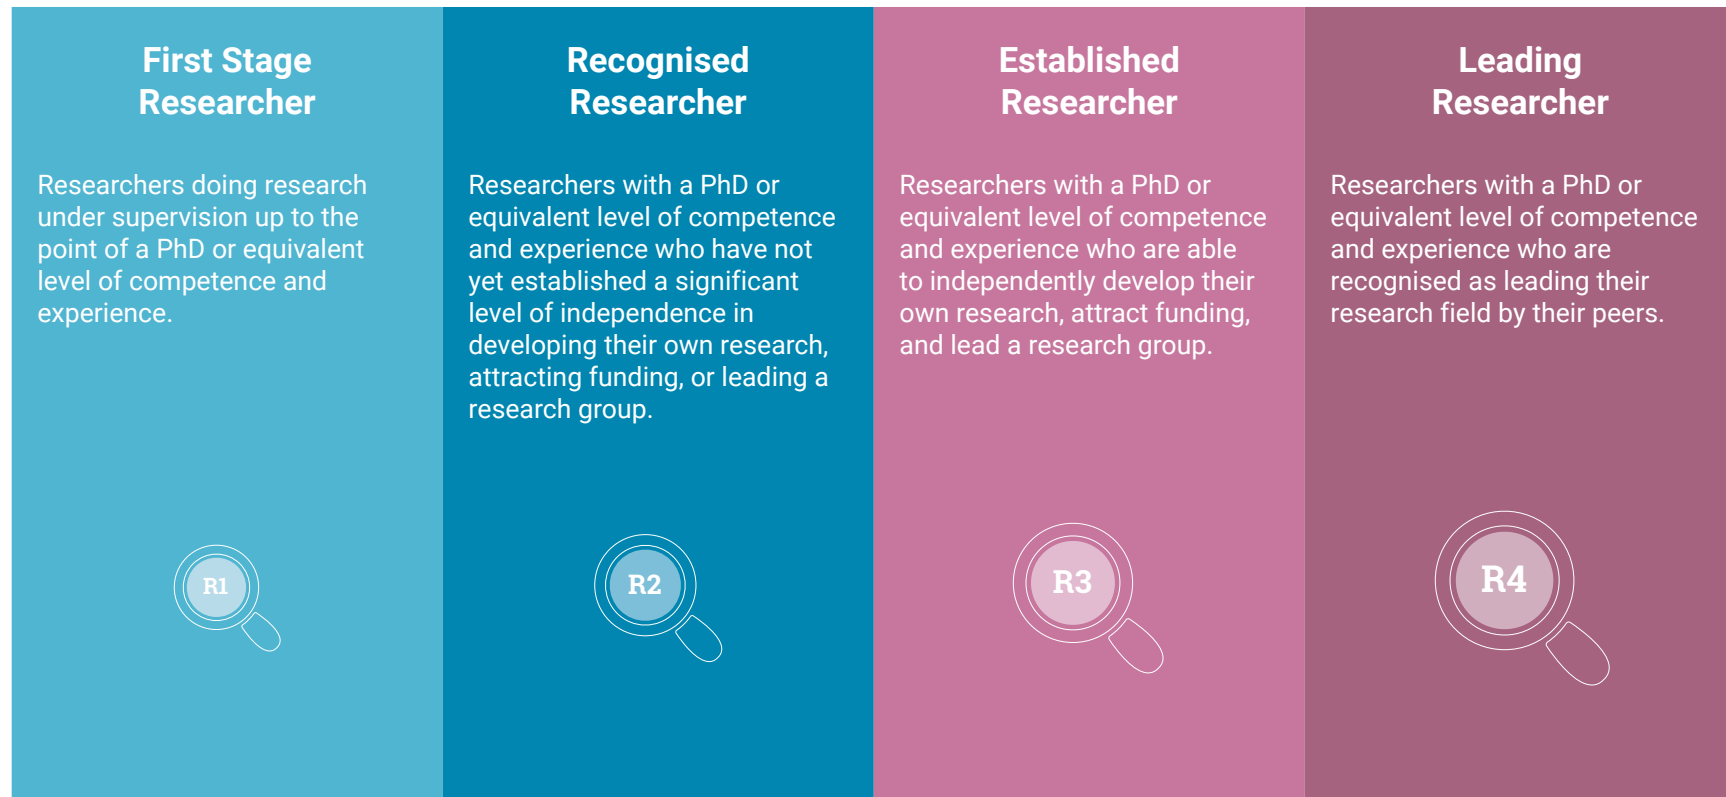

Please note that there is a glossary of acronyms on the last page and that all QR codes are clickable.

The content of this document is based on the information available on 10-03-2025.

For further details, please contact the WBF EURAXESS [Contact Points/Service Centers](#).

Which stage of the research career are you interested in?

These are the R1 to R4 profiles definitions following the Council Recommendation of 18 December 2023 on a European framework to attract and retain research, innovation and entrepreneurial talents in Europe (<https://eur-lex.europa.eu/eli/C/2023/1640/oj/eng>):
